Healthcare Compliance

Philip A. Jones

Director of Data Privacy and Cybersecurity Advisory Services

Mazars USA LLP

Philip is a Privacy Leader, Chief Information Security Officer for multiple Healthcare clients. Director of Security, Chief Security Architect, and Data Privacy Officer (DPO) with a Master Level Security. He is a Senior advisor in risk-based cyber security and privacy programs with multi-industry experience, having performed on over 400 security/privacy projects for the DOD, federal government, startups and fortune 500 companies. Philip has built multiple security and privacy programs ranging from startups to major international organizations. He has guided multiple board of directors through tough and complex compliance of security and privacy regulations.

Prior to joining Mazars, Philip held several leadership roles in the security and privacy practices of both prestigious consulting firms and technology organizations, including U.S. Navy Intelligence, IBM and Booz Allen & Hamilton.
